

FLIPSIDE FILM FESTIVAL PRESENTS: 'THE SHED CINEMA'

Flipside Film Festival brings *flatpack cinema* to the people of Plymouth with its cinema in a shed!

Situated on New George Street (outside Waterstones bookstore) from Tuesday 27th – Friday 30th May, The Shed will showcase an eclectic programme of films which have been created using 'endangered' technologies, and practices!

From oddball animations and experimental artists films to offbeat comedies and thought-provoking documentaries, the shed will bring you the best in small gauge cinema, in a convenient city centre location!

It is hoped that this installation will open eyes beyond having the latest High definition camera or TV and encourage a more contemplative, cerebral approach to subject matter, a considered step aside from the tired 'oohs and aahs' of cinema as spectacle.

Flipside Film Festival runs from **May 21-31** across various Plymouth venues, and aims to provide a platform for endangered film practices and both views experiences of our world that are under-represented by mainstream broadcast media.
